Nomanhaseeb@hotmail.com

Noman, a highly skilled professional in London and alumnus of Big Four firms, brings over 20 years of experience. His expertise covers financial consolidation, IFRS implementation, internal audits, finance transformation, process re-engineering, and statutory/regulatory reporting.

Having served clients like MUFG Securities plc and Ebury Partners (Santander group), Noman excels in delivering exceptional results within tight time constraints, in both small-scale and large-scale projects. His collaborative approach consistently produces outstanding outcomes. Over his career, Noman has overseen portfolios, formulated strategies, and ensured successful, timely completion of assignments, exceeding expectations.

Noman's project management skills extend to various ERPs, data visualization tools, and loan booking systems (e.g., Oracle, Equation, Hyperion, Python, OVS). His expertise also includes IFRS 9 implementation, showcasing a deep understanding of evolving accounting standards and regulations. This enhances his ability to navigate complex financial landscapes and provide strategic insights.
